

Request for Proposal Audit Services

Forum of Incident Response and Security Teams, Inc.

Issue Date: 2nd September 2024
Deadline for submission: 7th October 2024

Section 1 - Introduction

The Forum of Incident Response and Security Teams, Inc., also known as, and referred to herein as "FIRST", is a non-profit, membership-based association with over 750 member teams from over 110 countries and an operating budget of over USD 4 million. FIRST is incorporated in North Carolina, and is recognized by the U.S. Internal Revenue Service as a 501(c)(3) tax-exempt organization. FIRST is an international membership association of trusted computer incident response and IT security teams who cooperatively handle computer security incidents and promote incident prevention programs.

FIRST's Vision Statement:

FIRST aspires to bring together incident response and security teams from every country across the world to ensure a safe internet for all.

- Effective response is a global task, mirroring the global nature of the internet. Based on a peer to peer network governance model, Computer Security Incident Response Teams (CSIRTs), Product Security Incident Response Teams (PSIRTs) and independent security researchers work together to limit the damage of security incidents. This requires a high level of trust; the fuel our members run on. FIRST fosters trust building among members through a variety of activities. Incidents are not confined to one cultural or political corner of the internet, nor do they respect borders or boundaries. FIRST thus promotes inclusiveness, inviting membership from all geographic and cultural regions.

FIRST's Mission Statements

Global Coordination - You can always find the team and information you need.

- FIRST provides platforms, means and tools for incident responders to always find the right partner and to collaborate efficiently. This implies that FIRST's reach is global. We aspire to have members from every country and culture.

Global Language - Incident responders around the world speak the same language and understand each other's intents and methods.

- During an incident it is important that people have a common understanding and enough maturity to react in a fast and efficient manner. FIRST supports teams through training opportunities to grow and mature. FIRST also supports initiatives to develop common means of data transfer to enable machine to machine communication.

Policy and Governance - Make sure others understand what we do, and enable us rather than limit us.

- FIRST members do not work in isolation, but are part of a larger system. FIRST engages with relevant stakeholders, in technical and non-technical communities, to ensure teams can work in an environment that is conducive to their goals.

Section 2 - RFP purpose and Description of the RFP

FIRST is seeking a professional partner to conduct annual audits of the organization. The purpose of this RFP is to solicit proposals from interested parties to perform services for fiscal years 2024, 2025 & 2026.

We plan to start the audit in early March. We would like the final audit report and 990 prior to May 15th, 2025.

Section 3 - Structure

Financial structure

The organization's current financial profile is as follows (based on 2023 numbers)
